

Vehicles are only permitted to park in the designated car parking areas of a venue according to parking restrictions.

All car parking spaces on the Melbourne Campus require a valid car parking permit Monday to Friday, 8am-5pm. Outside of these hours, parking is free. The best way to pay for parking casually during these hours is via the CellOPark app:

To use CellOPark, there is a free, one-off registration. Once registered, you can start parking straight away. There are three ways to register:

- Download the CellOPark app from iTunes or Google Play
- Register online - <https://www.cellopark.com.au/Site/>
- Register by phone on 03 9111 1799

CellOPark is free to register and will only charge you for your parking session, there are no additional charges**

PLEASE NOTE: When registering you **do not** need to insert a staff/student number, this is **optional** and is only required if you are a staff/student of La Trobe University.

***Additional charges apply for use of the Premium service. Premium services include SMS reminders when your parking is about to finish. Refer to CellOPark [Terms & Conditions](#) for Premium service costs.*

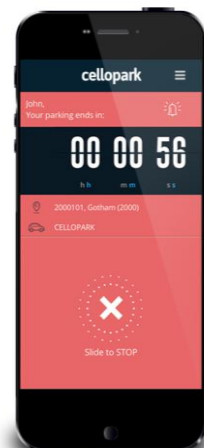

CellOPark Pay-As-You-Go (PAYG) is an easy alternative to parking meters which allows you to pay via an app, phone or online - only pay for the time you park.

There are **three** easy ways to do this at the Melbourne (Bundoora) Campus:

1. **Via the CellOPark app:** Open the app, select your location, car park zone number, your active vehicle and then slide to START. Slide to STOP when you leave
2. **From your mobile phone:** Call CellOPark on 03 9111 1799 and follow the prompts to start your session. Call again to stop your parking. Note that Caller ID must be enabled when you call CellOPark.
3. **Online:** Log in to your account via the CellOPark website and follow the prompts to start your session. Log in again to stop your parking session

Via the CellOPark App: You can START and STOP your parking session with any one of the above methods or a mix of them.

- **To Start Parking:** Park your car, select the zone you have parked in, make sure you have the right car selected and press 'Start'.
- **To Finish Parking:** Press 'Stop' or dial the local CellOPark number

La Trobe Sport | CellOPark – Parking Payment

Payment can be made by card in all car parks, except for CP2A & CP2C where payment is only permitted via the 'CellOPark' app. Payment for parking cannot be made with notes or coins.
